The Board of Directors may approve such requests only if the Association is protected against or indemnified as to construction liens and / or claims arising from such work.

3. Emergencies in Owner's Absence. In order that proper steps and procedures may be taken in minimum amount of time during an emergency situation, the Association shall retain pass-keys to all units. The locks of each unit shall not be changed or altered in any way that would prevent such Association access when the unit is unoccupied without providing the Association with a duplicate key for such entry. Any unit owner who plans to be absent from his or her unit for an extended period of time must prepare the unit prior to departure in the following manner:

A. By removing all furniture, plants and other objects from around the outside of the unit.

B. By designating a responsible caretaker to care for his or her unit should the unit suffer any damage caused by storms, hurricanes, winds, violent acts of nature or other emergency including water leaks. Such caretaker will notify the Association prior to making any entry into the unit during the unit owner's absence in an emergency.

Pets shall be leashed or carried at all times while on the common elements or Association property. Tenants and guests of unit owners are not permitted to have pets on Condominium property; however, the Board of Directors reserves the right to make exceptions to the aforementioned prohibition against the keeping of pets by tenants and guests in individual and limited circumstances where the keeping of the pet is medically necessary or integral to the well-being of the tenant or guest.

Designated parking is not intended for use by boats, motorcycles, recreational vehicles, campers, motor homes, trailers, commercial trucks or non-operational automobiles.
